Dear pupil

As we come to the end of this half term, I wanted to write to you to say how much I have enjoyed my visits to your academy or school. You always make me feel very welcome and I thoroughly enjoy my time that I spend with you.

I have received some wonderful reports from your Principals and teachers praising you about your hard work and dedication that you continue to give towards your learning and I have seen some, creative pieces on my recent visits. We have some very talented pupils, and we are very lucky to have you within our Trust.

As always, your teachers have some fun and exciting things planned for your last half term, which will include sports days and end of term events.

I would like to wish you and your families a very happy, safe half term break. I will look forward to hearing about any celebrations that you may have for the Queens Platinum Jubilee when we return.

Yours sincerely

Mrs B A Nixon
CEO and National Leader of Education
